Re: Wells Technology

Dear Sir/Madam:

Wells Technology, Inc. has been a customer of our bank since May, 2006. We have had the great pleasure of partnering with Wells Technology in providing financing for various operating and equipment needs over that time period as the result of their continued growth in business volume. All business transactions have been handled appropriately and often times paid ahead of schedule.

Wells Technology, Inc. is one of our most valued customers and, Andy Wells runs an extremely professional and first class operation. We have the upmost trust and respect in their capabilities as a business, management team, and community member.

We look forward to a continued long and prosperous relationship with the Wells family and Wells Technology, Inc.

Sincerely,
