Wells Technology of Bemidji recently presented a check to support the Bemidji Angel Fund 5K. The event is scheduled for June 14 at Paul Bunyan Park. Registration information is available at signmeup.com and on Facebook. Same-day registration is also available at 4:30 p.m. on the day of the event. This is a fundraising event to raise money for the Bemidji School District's Angel Fund that pays for school lunches that students are not able to afford because they do not meet the free lunch program qualification guidelines.
